

Press Release

Astura recommended in Mergers and Acquisitions, Information Technology and Intellectual Property by Legal 500 Paris edition 2013/2014

Mergers and Acquisitions

"Founded in April 2012, Astura is *'highly recommended'* for *'the quality of its services, which are at the level of major law firms'*. Raphaël Dalmas, member of the Paris and New York bars, shows *'a strong experience of transactions in connection with Europe, the United States and Africa'*. The firm acts for several major international groups."

Information Technology

"Founded in April 2012, Astura acts in the field of technology and intellectual property under the direction of Matthieu Mélin who trained at the best law firms in the market. *'Available, rigorous and providing clear explanations'*, he is recognized as an expert in information technology law, and appreciated for his *'very detailed and relevant analyses'*. He acts for several major user groups on whose behalf he managed several delicate assessment and audit assignments conducted by software publishers. He also advises on data and brand protection on the internet. "

Intellectual Property

"Matthieu Mélin from Astura is appreciated for his *'high availability'* and *'sense of strategy that can often make the difference in a matter'*. He is involved in trademark infringement litigations and in portfolio management. He advises several major international clients. "
